Education

University Of Birmingham
2023 – present

M.Eng Computer Science with Software Engineering (expected first class)
Year 1 – 72%
(Core modules: Full Stack App Dev, Object Oriented Programming, Data Structures, Software Engineering and Professional Practices, Functional Programming, Artificial Intelligence)

Kaplan International College, London
2023

Foundation Certificate in Science and Engineering
Modules: Maths (90%), Information Technology (88%), Extended Project (72%)

British Spring College, Awka
2016 – 2022

IGCSE: English (A), Maths (A*), Biology (A*), Chemistry (A*), Physics (A*)
Standard Aptitude Test: 1390 (97th national representative sample percentile)
English language test (IELTS): 8/9 (89%)

Application Portfolio (Projects)

Grocery App
Used React and Bootstrap with Express for the backend to create a shared grocery shopping app, using GitHub and GitHub actions for version control and CI/CD

Firewall
Used C and its networking and multithreading libraries to make a firewall program to reject/accept connection requests from port and IP ranges managed by a ruleset.

Campus Events App
Collaborated with a team to develop a web application using JHipster with Spring Boot, Angular and PostgreSQL, enabling students to browse and follow events and societies. Azure, Docker and GitHub Actions were used for CI/CD and cloud deployment

Experience

Medical File Clerk — **Obioma Specialist Hospital**
Sept 2022 – Nov 2022

- Facilitated the retrieval of patient medical records by efficiently searching and extracting files.
- Converted over 100 paper medical records into a spreadsheet using Microsoft Excel
- Maintained patient file indexes, correcting and communicating problems while following hospital procedures

Head Boy — **British Spring College Awka**
Oct 2021 – Aug 2022

- Led a team of 21 prefects alongside the head girl to ensure proper school functioning
- Monitored and delegated tasks, communicated issues to staff and teammates during meetings
- Conducted over 15 school activities, delivering public announcements to over 600 students at assemblies and events

Technical Skills

Tech stack: C, Python, Java, JavaScript, Haskell, React, Angular, Spring Boot, Typescript, PowerShell, PostgreSQL

Software: GitHub, Vercel, VS Code, DevTools, Docker, Git, MS Office, WSL, Azure, JHipster, Gitlab

Independently learning web development and related subjects through the Odin Project.

Languages

English (fluent), Igbo (basic), Spanish (basic)

Achievements

Silver medallist for state-level Physics and Maths Olympiads.

Silver medallist for state YONSPA Maths and Science competition.

Best student in Further Mathematics (BSC).

Top 3 best graduating students (BSC).

Hobbies

Football, singing, language learning, web development
